5.1

It is agreed that SROs shall not transport students in their vehicles except:

5.11

When the students are victims of a crime, under arrest, or some other emergency circumstances exist; and

5.12

When students are suspended and sent home from school pursuant to school disciplinary actions if the student's parent or guardian has refused or is unable to pick-up the child within a reasonable time period and the student is disruptive/disorderly and his/her continued presence on campus is a threat to the safety and welfare of other students and school personnel.

5.2

If circumstances require that the SRO transport a student, then the school officials must provide a school official or employee of the same gender of the student to be transported to accompany the officer in the vehicle.

5.3

If the student to be transported off campus is not under arrest, a victim of a crime, or violent or disruptive, the school administration shall provide transportation for the student and a SRO may accompany the school official in transporting the student.

5.5

SROs shall notify the school principal before removing a student from campus.

6.0

Investigation, Interrogation, Search and Arrest Procedures- The standard operating procedures (SOP) for the investigation of crimes and interrogation, search and arrest of students are as follows:

6.1

Interrogation Procedures- In the event a serious crime (as defined below) is committed at school or at a school activity, the principal or assistant principal with the assistance of a SRO should:

6.11

Question any witnesses to determine that a crime was committed and who committed the crime. The SRO shall have the general authority to question or interrogate any student at school who may have information about criminal misconduct. School officials shall investigate alleged violations of the policies of the **BOARD**. As a general rule, the interrogation should be conducted in cooperation with and in the presence of a school official, but when immediate action is necessary or in an emergency situation, the SRO may interrogate a student without the presence of a school official.

6.12

Question the person suspected of committing the crime. As a general rule, the student should not be arrested or placed “in custody” during the initial interview or interrogation. The suspect shall be informed generally of the purpose of the investigation and given an opportunity to present informally his/her knowledge of the facts. If the suspect wishes to remain silent, to contact his/her parents or an attorney, or to end the interview, the questioning should cease and the suspect’s request should be granted unless there is a reasonable cause to detain the student for questioning.

6.13

If a student is **detained**, placed in custody, or arrested, the student must be advised prior to further questioning by a SRO:

6.131

That he/she has the right to remain silent;

6.132

That anything he/she says can be used against him/her in a court of law;

6.133

That he/she has a right to have a parent, guardian, or custodian present during questioning;

6.134

That he/she has the right to talk with an attorney before you ask any questions and he/she has a right to have his/her attorney present with him/her during questioning;

6.135

That if he/she cannot afford to hire an attorney, one will be appointed for him/her by the court before any questioning if he/she wishes; and

6.136

That if he/she decides to answer now without an attorney present, he/she will still have the right to stop answering questions at any time. He/she also has the right to stop answering questions at any time until he/she talks to a lawyer.

6.137

That if the suspect is under 14 years of age, the child's parent, guardian, or custodian shall be contacted and invited to be present during the interview and the accused shall be advised of his/her rights as set forth in STATUTE. No in-custody admission or confession resulting from interrogation may be admitted into evidence in a court of law unless the confession or admission was made in the presence of the juvenile's parent, guardian, custodian, or attorney. No student under 14 years of age who is suspected or accused of committing the crime under investigation shall be interrogated at school unless the child's parent, guardian, custodian, or attorney is present.

6.138

That if the student is 14 years of age or older, and arrested or placed in custody, he/she must be advised of his/her rights, but the presence of the student's parent, guardian, custodian, or attorney may be waived by the student.

6.2

Search Procedures

6.21

If the school official has reasonable grounds for suspecting that a search of a student or a student's possessions will uncover evidence that the student has violated or is violating either the law or the rules of the school, the school official may search the student and the student's pockets, pocketbook, book bag, desk, locker, vehicle, or any other similar location within the student's control. When requested by school officials, the SRO shall assist with the search in order to protect the safety of all persons involved in the search. If the search uncovers evidence of criminal misconduct, the evidence shall be held for or turned over to the SRO.

6.3

Reporting serious crimes

6.31

If the investigation uncovers evidence of a serious crime as defined in STATUTE, the school official shall notify the SRO, the student's parents/guardian, and the appropriate central office personnel.

In all cases in which the SRO either arrests or places a student in custody, the SRO shall notify the superintendent at the earliest possible time, but in no event shall the notification be longer than two (2) hours from the event. Notification may be by telephone, fax or e-mail.

6.4

Arrest Procedures- School Related Crimes

6.41

Juveniles- When a SRO arrests or takes a juvenile under the age of 16 into custody, he/she shall select the least restrictive of the following courses of action which is appropriate under the circumstances and meets the immediate needs of the juvenile and the school:

Divert the juvenile from court by:

6.4111

6.44

In the event of the arrest of a student on campus, the principal or his designee shall be responsible for notifying the student's parent or guardian. Such notification by a school official shall be made as soon as possible, preferably prior to the actual removal of the student from campus.

6.45

If the SRO initiated the arrest, the SRO shall contact the student's parent or guardian as soon as practical after the arrest of a student and shall notify the parent/guardian of the reason(s) for the arrest.

6.5

Arrest Procedures- Crimes Committed off Campus. Crimes committed at school bus stops or while students are walking to and from school.

6.51

Law enforcement officials are responsible for enforcing the law on public streets, including school bus stops. Therefore, the SRO shall assist school officials and coordinate with the appropriate local law enforcement agency in the investigation of crimes that occur at bus stops and while students are walking to and from school.

6.6

Investigation and Arrest Procedures- Other Crimes Committed off Campus

6.61

Investigations Involving Students Under the Age of 14

6.611

As a general rule, the SRO and other law enforcement officials shall not interview any student under age 14, witnesses or suspects, at school during school hours concerning crimes committed off campus.

6.612

If law enforcement officials are having difficulty locating a student off campus, determine that time is of the essence, or for some other reason deems it necessary to interview a student under age 14 at school during school hours:

6.6121

The officer shall contact the school principal and/or SRO in advance and state the reason(s) to conduct an interview of a student at the school;

6.6122

The investigating officer or SRO shall notify the student's parent or guardian of the officer's desire to interview or interrogate the student at school; unless the investigation involves a matter relating to the parent; for instance the investigation of the parent for child abuse.

6.6123

Normally, students under 14 years of age will not be questioned at the school without notice to and the consent of the parent or guardian;

6.6124

No student under 14 years of age who is suspected or accused of committing the crime under investigation shall be interrogated at school unless the child's parent, guardian, or attorney is present;

6.6125

The officer, principal, and parent (if the parent wants to attend the interview or interrogation) should mutually agree on a convenient time during the school day to conduct the investigation; and

6.6126

As a general rule, school officials should not be present during the interview of the student. However, at the request of a parent or guardian, a school official may be present when a student is interviewed.

6.62

Investigations Involving Students 14 Years of Age and Older

6.621

SROs and other law enforcement officials may interview and interrogate students 14 years of age or older (suspects or witnesses) at school during school hours.

6.622

The SRO or investigating officer should contact the school principal in advance and inform him/her of the reason(s) to conduct an investigation within the school;

6.623

The SRO or investigating officer and the principal shall mutually agree on a convenient time during the school day to conduct the investigation; and

6.624

The SRO or investigating officer shall notify the principal or assistant principal in absence of the principal, of the intention to interrogate a student. The principal or assistant principal shall make reasonable efforts to notify the student's parent or guardian. However, interrogation may not necessarily be delayed.

6.625

Parental consent is not required to interview a witness and the presence of the student's parent, guardian, or attorney is not required to interrogate a student.

6.626

As a general rule, school officials should not be present during the investigation. However, at the request of a student, SRO, or investigating officer, a school official may be present during the questioning. Should a school official be present at the request of a student, that official will not be acting in place of the parent/guardian. Nothing herein relieves the SRO from any obligation to contact the parent or guardian.

7.0

Bomb Threats- It is a misdemeanor to give false information concerning the placement of a bomb in a school building. School officials, the SRO, and the fire safety officials shall cooperate in the implementation of procedures in the event of a bomb threat (see COUNTY SCHOOL SYSTEMS Emergency Procedures Manual). 8.3

If there is probable cause to believe that a student or any other person has sold, possessed, or is selling controlled substances at or near a school, the SRO shall be notified and the SRO should file a juvenile petition or seek a criminal warrant. However, the decision to initiate a juvenile petition or criminal warrant will be at the discretion of the SRO.

9.0

Riots and Civil Disorders

9.1

The principal and SRO shall create a plan relating to their response to a riot or civil disorder occurring on a middle or high school campus. In the event of such riot or civil disturbance, the parties shall proceed according to the plan.

9.2

If, in the opinion of the principal or SRO, additional law enforcement personnel are needed to restore and/or maintain order, the SRO will make contacts as appropriate and request that assistance. The principal or this designee also shall notify the superintendent.

9.3

To the extent possible, all communications should be made by telephone to avoid alarming the public and news media.

9.4

The principal or his designee shall be prepared to respond to questions from the news media, parents, and other members of the public as soon as order is restored.

9.5

If deemed necessary by school and law enforcement officials, the media and the public may be restricted to an area off campus away from the disturbance until order is restored.

9.6

The SRO or officer in charge shall consult with the principal about the need or decision to arrest and/or remove students and other persons from the campus. However, law enforcement officials shall have the authority to arrest and remove any person who commits a crime in their presence.

9.7

The names of any student arrested and removed from campus should not be released to the news media until their parents or guardians have been notified, if possible, and in no event shall the names of students under age 16 who have been removed from campus be released to the news media.

School officials shall allow SROs to inspect and copy any public records maintained by the school including student directory information such as yearbooks. However, law enforcement officials may not inspect and/or copy confidential student education records except in emergency situations.

10.2

If some information in a student's cumulative record is needed in an emergency to protect the health or safety of the student or other individuals, school officials may disclose to the SRO that information which is needed to respond to the emergency situation based on the

seriousness of the threat to someone's health or safety, the need of the information to meet the emergency situation, and the extent to which time is of the essence.

10.3

If confidential student record information is needed, but no emergency situation exists, the information may be released only upon the issuance of a search warrant or subpoena to produce the records.

11.0

Term of Agreement- The term of this agreement is one year commencing on the _____ and ending on the _____.

The Agreement shall be renewed and extended annually for additional and successive one year terms unless notice of non-renewal is given by either party, in writing, prior to June 15th of the initial or any succeeding term.

Montgomery County Schools and Montgomery County Sheriff's Department School Resource Officers Guidelines

General Terms

1. School resource officers and their supervisors are employees of the Sheriff's Department, not Montgomery County Schools, and are subject to the administration, supervision and control of the terms and conditions of an agreement between the Sheriff's Department and Montgomery County Schools.
2. The Sheriff's Department in its sole discretion has the power and authority to hire, discharge and discipline school resource officers and their supervisors. However, the Sheriff's Department should consult with the principal in regard to the hiring, evaluation, discipline and termination of the school resource officer(s) assigned to a particular school.
3. The Sheriff's Department indemnifies Montgomery County Schools from all claims or lawsuits arising out of allegations of unfair or unlawful employment practices brought by school resource officers.
4. Montgomery County Schools and the Sheriff's Department will work cooperatively to achieve the common goal of safe and orderly schools.

Goals

1. To provide security for schools the entire time school is in session.
2. To provide security at school-sponsored extracurricular activities held at school after the student instructional day, such as: athletic events, drama performances and student band, chorus and concerts.

3. To assign school resource officers to participate in educational programs and activities that will increase students' knowledge of and respect for the law and the function of law enforcement agencies.
4. To expect school resource officers to participate in crisis planning and management.
5. To expect school resource officers to act swiftly and cooperatively with school staff when responding to school disruptions, acts of violence and criminal offenses at school, including crimes that must be reported by the principal to law enforcement personnel listed in NCGS § 115C-288(g), disorderly conduct by trespassers, the possession and use of weapons on campus, the illegal sale and/or distribution of controlled substances and riots, etc.
6. To expect school resource officers and administrators to cooperate and coordinate with other law enforcement officials in their investigation of criminal offenses that occur on and off campus.
7. To provide traffic control at the beginning and end of the student day at the school to which each school resource officer is assigned for the safety and protection of the students and the general public.

The School Resource Officer's Work Schedule

1. School resource officers should serve Montgomery County Schools during the 10-month school year and, at a minimum, should work the same schedule as teachers. If deemed necessary, school resource officers may also be assigned to middle school and high school summer school sites.
2. The Sheriff's Department employs school resource officers for a term of 12 months and may assign them to perform other security or law enforcement functions when school is closed for the summer.

3. School resource officers should be on duty at an assigned school(s) from approximately thirty (30) minutes before the beginning of the students' instructional day until approximately thirty (30) minutes after the end of the students' school day unless modified by mutual agreement between the parties. This totals approximately 40 hours per week.
4. The time spent by school resource officers attending court for juvenile and/or criminal cases arising from and/or out of their employment are considered as hours worked under the agreement.
5. The principal and school resource officer should work together to develop a work schedule. The schedule should identify areas and times that require supervision. The schedule should not be so restrictive that the school resource officer is seriously limited/or predictable in his movements.

Transporting Students

1. School resource officers may transport students in their patrol vehicles:
 - A. when the student is a victim of a crime, under arrest or some other emergency circumstances exist; and
 - B. when a student is suspended pursuant to school disciplinary actions and the parent or guardian refuses or is unable to pick up the student, whose continued presence on campus is a threat to the safety and welfare of other students and school personnel.
2. School resource officers should not be expected to become a taxi service for the school.
3. When the school resource officer removes a student from school, the student's parent, guardian or custodian should be notified of the destination where the student is to be transported.

4. When the school resource officer arrests a student, the school resource officer should notify the student's parent, guardian or custodian.
5. School resource officers should never remove a student from campus before notifying the school principal. In an emergency, the school resource officer may notify the principal by radio or cell phone on the way to the jail or hospital.

Investigation, Interrogation, Search and Arrest Procedures

1. In the event a crime is committed at school or at a school activity, the principal or assistant principal, with the assistance of the school resource officer, should question any witness to the event in order to determine whether a crime was committed. School resource officers have general authority to question or interrogate any student at school who may have information about school or criminal misconduct. The interrogation should be conducted in the presence of a school official but when immediate action is necessary or in an emergency situation, a principal/assistant principal or the school resource officer may interrogate a student without the presence of the other.
2. A person suspected of committing a crime should be informed generally of the purpose of the interrogation and given an opportunity to present informally his/her knowledge of the facts. There is no law prohibiting a principal/assistant principal from questioning a student. However, if the suspect student wishes to remain silent, to contact his/her parents or an attorney or to end the interview, the questioning should cease and the suspect's student's request should be granted unless there is reasonable cause to detain the student for questioning. School officials are not required to administer the "Miranda Warnings" before questioning a student.
3. That if the suspect student is under 14 years of age, the child's parent, guardian, or custodian shall be contacted and invited to be present during the interview and the accused shall be advised of his/her rights as set forth in Statute. No in-custody admission or confession resulting from interrogation may be admitted into evidence in a court of law unless the confession

or admission was made in the presence of the juvenile's parent, guardian, custodian, or attorney. No student under 14 years of age who is suspected or accused of committing the crime under investigation shall be interrogated at school unless the child's parent, guardian, custodian, or attorney is present.

Search Procedures

1. If a school official has reasonable grounds for suspecting that a search of a student or a student's possessions will uncover evidence that the student has violated or is violating either the law or the rules of the school, the school official may search the student and the student's pockets, pocketbook, book bag, desk, locker, vehicle or any other similar location within the student's control. When requested by school officials, the school resource officer should assist with the search in order to protect the safety of all persons involved in the search. If the search uncovers evidence of criminal misconduct, the evidence will be held for or turned over to the school resource officer.
2. If a school resource officer reasonably suspects that a search of a student or a student's possessions will uncover evidence that the student has violated or is violating either the law or the rules of the school, the school resource officer shall report his/her suspicions to a school administrator. ~~who shall determine whether to search the student.~~ In the event of exigent circumstances, the officer may go forward with the search, but must notify school administration as soon as practical thereafter.
3. School officials shall not conduct a strip search without a search warrant. A strip search is defined as a search of a student's person that requires the student to remove his/her clothing down to his/her underwear in order to determine if any evidence is concealed within the student's undergarments or on the body. The term does not include the removal of outer garments such as coats, hat, shoes etc. If there is probable cause to believe that a student has concealed or is concealing evidence of criminal misconduct within his/her undergarments, the school resource officer should assist the school officials in obtaining a warrant to search the student.

Access to Education Records

1. School resource officers may inspect and copy any non-confidential records maintained by the school including student directory information such as yearbooks.
2. School resource officers may not inspect and/or copy confidential student education records except in emergency situations under FERPA, 20 § 1232g. If some information in a student's cumulative record is needed in an emergency to protect the health or safety of the student or other individuals, school officials may disclose to the school resource officer that information.
3. If confidential student record information is needed, but no emergency situation exists, the information may be released only upon the issuance of a search warrant or subpoena to produce the records unless the parent or a student 18 years of age or older grants permission for the school resource officer to access and inspect the student's education records.
