

The board considers naming facilities to be a significant endeavor since the name of a facility can reflect upon the students, staff, school district and community.

The superintendent will consider the following criteria as well as other factors the superintendent determines to be relevant in identifying potential names for the facility:

- the name should not be so similar to the names of existing facilities as to cause confusion;
- the name should include a designation of the type of school, such as elementary, middle, high or brief description of a school of a specialized kind;
- the name may specify the geographic locality of the school.

The superintendent will submit a recommended name or limited list of recommended names to the board for approval.
