SUBJ: ACTION ITEM (Timber Request)

By moving forward with a Central High School on the land we own near MCC, we will need to make a decision on what to do with the timber on the site. I have talked with Russell Strong and he can have someone do it under the same stipulations and similar rates as we have received in the past.

I am asking for approval to move forward with a contract with Mr. Strong as soon as we are able to do so, pending approval from the County to release the funds to MCS. Per Mr. Strong, he will solicit a minimum of 3 bids from Montgomery County harvesters to maximize the dollars available to the school system.

I am available to answer any questions you might have.
