

**What is Impacting Student Learning?**  
**Student Advisory Council**  
October 12, 2016

**Classroom – +**

- AVID is good
- Teachers make sure you are learning
- Technology enhances learning
- Projectors
- AVID binders help get organized
- Hands on learning
- Class discussion (2)
- Some teachers try to make a change in your life; try to prepare you for life
- Ms. Pieczynski challenges students with a variety of activities

**Classroom – Δ**

- Technology can be slow or not work (2)
- Memorizing not learning
- Teachers more concerned about rules than learning
- Time; shorter class periods
- Teachers choose or help some students more than others
- Willingness to help students
- No “real world” teaching
- Have not improved or changed over years
- Not preparing for college
- Favoritism

---

**Schools +**

- Clubs; interacting with each other
- Early college
- Warrior breakfast
- MCC classes for free (3)
- AVID helps you prepare for the future (2)
- Clubs for student interaction (2)
- Smart Lunch (3)
- Warrior Breakfast

**Schools– Δ**

- The authentication/user name/password on the internet (3)
- Technology at home doesn't work well (2)
- School starting early
- Limited to little food choices
- Check out policies
- Grade inflation
- Dress code
- Attendance and appealing
- Food
- Internet is blocked at home and goes out a lot at EMHS

---

**Future Topics**

- Food (3)
- Future readiness
- More classes to help prepare for ACT and SAT (2)
- Classes teaching about future life skills i.e.. writing checks, taxes, credit cards, budgeting and finance (3)
- Where does our (school) money go and where do we get it?
- Cooking skills
- In depth chemistry
