SUBJ: CONSENT ITEM (Facility Use Request)

I have received the attached facility use request for a local pastor who wants to use the auditorium at WMHS for services each Sunday morning. There is a significant cost for this recurring use and Mr. Moore has been made aware of such cost and has agreed to this rental payment.

By approving the request, the Board is not making any form of endorsement of the activity. But, it also means that other groups may wish to rent this facility (or another) in the future. The request has followed the policy we have in place for community use of facilities and the requestor has agreed to pay the fee that covers our cost of operations since it is a recurring use.

I am available to answer any questions you might have.
