**Re: 2016-17 Summer School**

Dear Montgomery County Schools Board of Education:

As a result of input from teachers, principals, school-level staff and district-level staff, we would like to operate a **2016-17 Summer School** for students in **Grades 6-8**. Per State Board of Education policy, students must have scored a Level I or Level 2 on the End-of-Grade test to participate in summer school, participation is voluntary and summer school must end by June 30, 2017, for students to take the EOG, again, and be included in the 2016-17 accountability results for proficiency only. The higher of the two administrations will be utilized for accountability proficiency. A summer school letter with dates, times and eligibility criteria will be shared with students and parents in April.

Sincerely,

Dr. Dale Ellis  
Superintendent
