# WHERE ARE WE NOW?

- Funding secured
- Town Hall meetings completed
- Architect selection underway
- Design Committee finalized

# FUNDING CONSIDERATIONS

- Memorandum of Agreement to outline responsibilities – to be approved by 3 boards no later than December 30
- USDA will interact with only one entity
- Currently exploring interim financing options
- USDA to assume loan in total at project completion

# TOWN HALL MEETINGS

- Met in all 5 towns
- Gathered feedback on curriculum necessities, wants, and desires
- Gathered feedback on facility wants and desires
- We don't know if \$150 million would be enough to fund all of the wants and desires
- You have a tough job in front of you!!!
- Academic report finalized and received by November 30

# ARCHITECT SELECTION

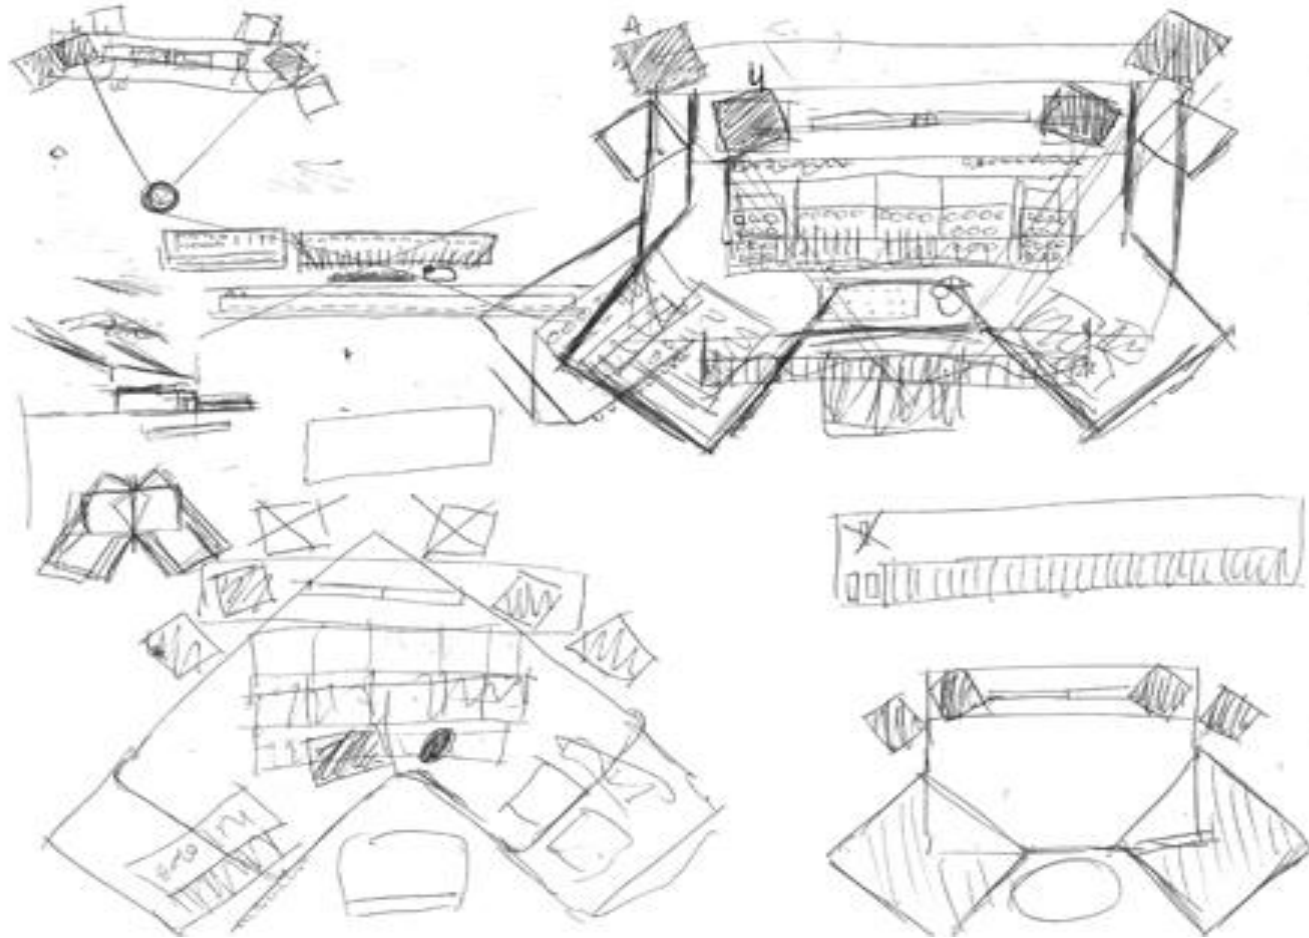

- We will interview 7 architectural firms over a 2-day period
- We will tour these firms' facilities over an additional 3-day span
- We will survey faculty and staff at all of the target schools
- We will survey General Contractors
- Core Committee will select architect no later than December 30

# FINALLY! WHAT WE CAME FOR!

- Design Committee will design facility based upon academic report
- Design Committee will work closely with the selected architect to ensure integrity of the process
- Design committee must be able to compromise – YOU may not get all that YOU want in the facility either
- Our work will begin in January
- We anticipate 2-3 meetings in January to finalize the design
- P.S. Early College is moving forward parallel to this process....(In case you are wondering about Dr. Bledsoe and I twiddling our thumbs)

# END RESULTS – DESIGN COMMITTEE

# END RESULTS - ARCHITECT

# END RESULTS - CONSTRUCTION
