WHAT’S NEW IN DESTINY® 9.9

NOVEMBER 15, 2010
Maximize Your Time and Resources with Destiny 9.9

Destiny 9.9 will provide your district with customer suggested improvements to help you maximize your time and resources. Whether you are managing library resources, textbooks, or other school assets, Destiny 9.9 will help you do more for your students quickly, efficiently and with fewer resources. From new email flexibility to site authorization for refunds, this version will help you save time, increase efficiency and let you spend more time with your students. Developed from your requests and feedback, some of the improvements you will find in Destiny 9.9 include:

- **Greater email flexibility**: Additional configuration options in the Destiny Administrator for greater email support for Gmail, Yahoo Mail and Hotmail.

- **Improved differentiation between library and textbook fines**: The Fine History Reports in Destiny Library Manager and Destiny Textbook Manager provide LM and TB indicators to better distinguish library material fines from textbook fines.

- **Increased refund processing capability**: Destiny Library Manager and Destiny Textbook Manager sites can generate multiple email refund requests so those responsible for paying refunds to patrons who return books after an item has been identified as lost and a fine paid.

- **Quicker printing of new patron barcodes**: Easily identify - via drop down menu - which new patron barcodes you want added to a temporary patron list for printing. You will also be able to see how many patrons are on the overall list.

- **Enhanced reporting on items checked out during the day**: This report lists call number (LM only), barcode, title, patron name and patron barcode. The list is sorted by time and starts with the 1st checkout of the day. The total number of items is also shown at the bottom of the report, making it convenient for you to check circulation trends.

- **Convenient printing of Lexile, AR and RC labels**: If you currently subscribe to a Reading Program Service, you can now print your labels based on the last time you updated them on pre-approved Follett Software label stock – saving you time and money.

- **Quickly update textbook due dates**: Easily create a global update in Destiny Textbook Manager to correct or modify the due dates of your textbooks.

## Destiny 9.9 Features

The following listing provides details on new Destiny features available for all modules including Destiny Library Manager™, Destiny Media Manager™, Destiny Textbook Manager™ and Destiny Asset Manager™. The path to the new feature is provided as well so that you can review the updated functionality as well as access the available on-page information.

### All Destiny Modules
- Patron Barcode Labels
- Email Notices

### Destiny Library Manager
- District Cataloger – Resource List
- District Cataloger - eBooks Import
- District eBooks – Call Number
- Remove eBooks
- DCPI – Title Details in Destiny Quest

### Destiny Textbook Manager
- Due Dates – Global Update
- Copy Transferred – Barcode Retained
- TitlePeek Images

### Media Manager
- Book Now – Loan Period

### Destiny Library Manager and Enriched Content Subscriptions
- Visual Search / Resource Lists
- Reading Program Labels for Subscribers of the Reading Program Services

### Destiny Library Manager and Destiny Textbook Manager
- Fine History Report
- Refund Due Notification
- Report Builder - Fine Note Field
- Today’s Checkouts Report

### Destiny Library Manager and Media Manager
- Spine Label Report
- Copy Barcode Labels (Used) and Copy Spine/Pocket Labels

### Destiny Library Manager, Destiny Media Manager and Destiny Textbook Manager
- Patron Statistics – Historical Report

### Destiny Library Manager, Destiny Textbook Manager and Destiny Asset Manager
- Special Due Date
- Playway Material Subtype
What’s New in Destiny 9.9
November 15, 2010

Patron Barcode Labels

- All Modules

A new “Select by” option has been added to the patron barcode label report so you can create a temporary list of patrons who require barcodes by searching for and selecting the patrons.

Path: Reports | Patron | Labels/Cards | Barcode Labels | Select by

Print used patron barcodes...

Select by List of Patrons

Patrons selected: 0

Sorted by Patron Name

Include the following

- Barcode number
- Barcode labels

Formatted for

Use label stock Avery white address labels (style 5160)
Additional configuration options have been added to “SMTP Settings” to allow use of third party SMTP servers. This enables Destiny’s notices to be emailed using Gmail, Yahoo Mail and Hotmail.

Path: DestinyAdmin | Setup | District Options | SMTP Settings
District Cataloger – Resource List

- **Destiny Library Manager**

The district cataloger’s resource list capabilities have been expanded to include the ability to add titles to a resource list based on the date the title was added. Additionally, the district cataloger has the option to export titles based on a resource list.

*Path: District User (Manage Library Materials for the District) | Catalog | Resource Lists | Add to this List*
What’s New in Destiny 9.9
November 15, 2010

Path: District User (Manage Library Materials for the District) | Catalog | Export Titles | From List

Export titles...

From McHenry Central School District

Select from List

Include
- All records
- Full records only
- Brief records only

Options
- Include copy information
District Cataloger – eBooks Import

- **Destiny Library Manager**

When the district cataloger imports eBooks they can be assigned to specific schools within the district. This controls where the eBooks are displayed in search results which in turn limits which schools have access to them.

*Path: District User (Manage Library Materials for the District) | Catalog | Import Titles | Assign Sites*
District eBooks – Call Number

- Destiny Library Manager

The district eBook record display has been enhanced to include the call number whether viewing the record in a search result list or in the title details.

Path: Catalog | Library Search | Search Results | Details
Remove eBooks

- *Destiny Library Manager*

If a school no longer wants particular eBooks included in search results, the eBooks can be removed from the display by adding the titles to a resource list and electing to export and delete the titles.

*Path: Catalog | Resource Lists | Add to this List*

DCPI – Title Details in Destiny Quest®

• Destiny Library Manager

As seen previously in Destiny Classic, there is now the option to view “Title Details” for materials cataloged locally through DCPI in Destiny Quest.

Path: Catalog | Destiny Quest | Find | Results

![Image of Destiny Quest interface with Title Details highlighted]
Due Dates – Global Update

**Destiny Textbook Manager**

The ability to find all textbooks with a certain due date and to assign a new due date has been added to the circulation options within Textbook Manager. A preview of the global update ensures that the changes being requested are reviewed prior to the actual changes being made.

**Path: Circulation | Renew | By Date**

If you assign a due date to a large number of textbooks and then realize it was an incorrect due date, you can now change all of the due dates at once.

1. Navigate to the **By Date** subtab.
2. Enter the current due date into the **Find all textbooks with due date** field.
3. Then enter the new due date into the **Assign new due date** field.
4. Click the **Preview** button.
5. The **Job Manager** launches.
6. Click **Refresh** until the **View** button appears.
7. The **Job Summary** appears showing a list of the textbook due dates that will be changed.
8. If all the changes are acceptable, scroll to the bottom of the **Job Summary** and click the **Update** button.
Copy Transferred – Barcode Retained

- **Destiny Textbook Manager**

In previous versions of Textbook Manager fine-specific information no longer included the barcode number for items that had been transferred to another school. This was true for reports as well as the fine-specific information seen in Circulation. This functionality has been enhanced to retain the barcode number even after the item has been transferred.

TitlePeek™ Images

• Destiny Textbook Manager

In previous versions of Textbook Manager, TitlePeek images were sometimes displayed if the service was active for Library Manager. This caused some confusion, so going forward TitlePeek images will not be displayed in Textbook Manager records. However, if you had images already displayed, these will not be removed. This does not affect the ability to add images to textbook records.
What’s New in Destiny 9.9
November 15, 2010

Book Now – Loan Period
• Destiny Media Manager

The “Book Now” option has been enhanced to use the loan period defined in Media Policies. However, if the loan period is different from those defined, there is the ability to adjust the date.

Path: Circulation | Bookings | Book Now

Path: Back Office | Media Policies | Loan Period
Visual Search™ / Resource Lists

• Destiny Library Manager
• Enriched Content Subscriptions

WebPath Express and One Search resources that are included in a resource list are now available if the resource list is used to create a visual search.

WebPath Express and One Search resources can be included in a public Resource List.

Path: Catalog | Resource List

Building the Great Pyramid

One of the most fascinating, and most confounding, aspects of the Great Pyramid centers on its construction. This article examines one of history’s great engineering feats, in a step-by-step analysis of its creation. Begin with a look at the debate surrounding the erection of Egypt’s Great Pyramid. From here, discover what historians have uncovered. This six-page section discusses the building of the Great Pyramid, from leveling the Giza plateau to the techniques used to cut blocks for this...

Topic: Man-Made Wonders
URL: http://www.bbc.co.uk/history/ancient/egyptians/great_pyramid_01.shtml
Source: WebPath Express
The Resource List can now be used to create a Visual Search.

Path: Catalog | Search Setup | Edit Button

The WebPath Express and One Search results appear in their own subtabs of the Visual Search results.
Reading Program Labels for Subscribers of Reading Program Services

- **Destiny Library Manager**

If you are a subscriber to the Reading Program Service for Accelerated Reader®, Reading Counts!® or Lexiles®, then you will be able to print labels that include the reading program information. Due to the custom nature of the label stock required, it will be available on Destiny Express for your convenience.

**Path: Reports | Library | Reading Program Labels**

It is recommended to make updates to the Reading Program prior to printing the labels. You can print new or replacement labels for a site using the Reading Program Labels report.

**Path: Catalog | Reading Program**

You can Sort by:
- Call Number
- Date/Time Copies Added
- Date Reading Program Information Added/Updated

You can print the reading program labels on:
- Date/Time Copies Added
- Date Reading Program Added/Updated
- Barcode List
You can include Accelerated Reader Interest Level by selecting the Accelerated Reader Program option. If you select the Lexile Measures option, make sure they are in the database.

The labels, which must be purchased from Follett Software Company, are available in two sizes. Small spine labels print 48 labels per page. Two labels are printed for each copy record, allowing you to put one of the labels on the spine and the other label inside the book. Large labels print 28 per page and can be put on the inside front or back cover. The label size is determined by the options you choose to include.

Large label:

<table>
<thead>
<tr>
<th>3397600648610</th>
<th>004 KAL</th>
</tr>
</thead>
<tbody>
<tr>
<td>The computer from A to Z</td>
<td></td>
</tr>
<tr>
<td>Author: Kalman, Bobbie, 1947-</td>
<td></td>
</tr>
<tr>
<td>Reading Level: 4.4 MG</td>
<td></td>
</tr>
<tr>
<td>Point Value: 0.5</td>
<td></td>
</tr>
<tr>
<td>ACCELERATED READER QUIZ 29929</td>
<td></td>
</tr>
</tbody>
</table>

The label is in two parts. The barcode and call number is a thin section to help customers easily label the books.

Small label:

<table>
<thead>
<tr>
<th>3397600648610</th>
<th>004 KAL</th>
</tr>
</thead>
<tbody>
<tr>
<td>The computer from A to Z</td>
<td></td>
</tr>
<tr>
<td>AR</td>
<td>AR</td>
</tr>
<tr>
<td>RL 4.4</td>
<td>RL 4.4</td>
</tr>
<tr>
<td>PTS 0.5</td>
<td>PTS 0.5</td>
</tr>
<tr>
<td>MG</td>
<td>MG</td>
</tr>
</tbody>
</table>

You can choose to sort the labels and include copies based on the default options or select from the drop-down list, which includes details about when the Reading Program information was added or updated.

What’s New in Destiny 9.9
November 15, 2010

Special Due Date

- Destiny Asset Manager
- Destiny Library Manager
- Destiny Textbook Manager

While the ability to change a due date has been available, the ability to change the date is more obvious because of an update made to the patron’s check out page.

Path: Circulation | Check Out | Checked Out | Change

Path: Circulation | Check Out Text | Checked Out | Change
In Destiny Asset Manager, Destiny Library Manager, and Destiny Textbook Manager a **Change** button appears in the **Checked Out** section of the page. Click **Change** to change the due date of an item by entering the due date or selecting the applicable date from a calendar. The due date can be changed until you logout of Destiny, for the selected patron, or for the item.

Sample: change due date for checkout to patron.
Playaway Material Subtype

- Destiny Library Manager
- Destiny Media Manager

In the Full MARC Editor and the “Easy” MARC Editor, Playaway is now included as a subtype for Sound Recording (non-musical). Playaway material subtype now appears in search results and resource lists. Users can limit by this subtype in Power Search and Visual Search.
